OPTIONAL COVERAGES

The SEIB Optional Insurance Plan offers a package of four plans. Claims administration is provided through Southland Benefit Solutions.

An eligible employee or retiree may enroll at any time by submitting an enrollment form directly to the SEIB (not through your payroll clerk) declining coverage in the SEHIP and electing coverage in the SEIB Optional Insurance Plan. Once the form has been approved by the SEIB, coverage in the SEHIP will terminate as of the last day of the month during which the enrollment form was received and coverage in the SEIB Optional Insurance Plan will begin as of the first day of the following month. Participants must remain in the SEIB Optional Insurance Plan for at least twelve months.

Employees or retirees may enroll for either individual or family coverage. Members enrolled for family coverage cannot change to individual coverage outside of the open enrollment period unless all dependent(s) become ineligible due to age, death or divorce.

Dental Plan

This plan covers diagnostic and preventative services, as well as basic and major dental services. Diagnostic and preventative services are not subject to a deductible and are covered at 100% (based on Alabama reasonable and customary charges) -- oral examinations, cleaning of teeth, fluoride applications for insured children to age 19, space maintainers, x-rays, and emergency office visits. Routine cleaning visits are limited to two times per plan year. Basic and major services are covered at 80% for individual coverage and 60% for family coverage with a \$25 deductible for family coverage (based on Alabama reasonable and customary charges) -- fillings, general anesthetics, oral surgery not covered under a Group Medical Program, periodontics, endodontics, dentures, bridgework, and crowns. The family coverage deductible for basic and major services is applied per person, per plan year with a maximum of three (3) per family.

The dental plan administered by Southland will continue to offer a dental network program known as "DentaNet". Under the DentaNet program members have the opportunity to use network dentists and save money. However, members enrolled in the dental plan still have the freedom to use any dentist.

All dental services are subject to a maximum of \$1,250 per year for individual coverage and \$1,000 per person per year for family coverage. Dental coverage does not cover pre-existing dentures or bridge-work, neither does it provide orthodontia benefits. The dental coverage does not cover the replacement of natural teeth removed before a member's coverage is effective. This plan does not cover temporary partials, implants and temporary crowns.

Cancer Plan

This plan covers cancer disease only. Other diseases and accidents are not covered. Benefits are provided regardless of other insurance. Benefits are paid directly to the insured unless assigned. Coverage provides \$250 per day for the first 90 consecutive days of hospital confinement, \$500 per day thereafter. Actual surgical charges are paid up to the amounts in the surgical schedule. The lifetime maximum benefit for radiation and chemotherapy coverage is \$10,000. This benefit covers actual charges for cobalt therapy, x-ray therapy, or chemotherapy injections (excluding diagnostic tests). Benefits are also provided for Hospice care, anesthesia, blood and plasma, nursing services, attending physician, prosthetic devices, and ambulance trips.

Hospital Indemnity Plan

This plan provides a per day benefit when the insured is confined to the hospital. The In-Hospital Benefit is \$150.00 per day for individual coverage and \$75.00 per day for family coverage. It also provides a per day benefit for intensive care (\$300/\$150), and convalescent care (\$150/\$75). In addition, there is supplemental accident coverage. The reimbursement for accident(s) is limited to a maximum of \$1,000.00 per plan year for each covered individual. There is no limit on the number of accident claims that can be filed per plan year.

Inclusive in the \$1,000.00 maximum benefit, per covered individual per plan year, are covered charges due to, or for, treatment of accidental injury by adjustment or manipulation of the spine or soft tissues.

- a. \$25.00 per visit
- b. Two visits in any seven consecutive days (all accidental injuries and Qualified Practitioners combined):
- c. Thirty visits per plan year (all accidental injuries and Qualified Practitioners combined).

In-hospital benefits are limited to 365 days. Convalescent care benefits are limited to a lifetime benefit of 90 days. This plan does not cover assisted living facilities. Cancer and maternity admissions are covered as any other illness.

Ambulance benefits are limited to \$100.00 per trip to or from a hospital where the insured is confined as an in-patient. There is no lifetime maximum.

Benefits for treatment of mental or nervous disorders and alcoholism and/or drug addiction treatment are limited to a maximum of 14 days confinement in a Hospital as an in-patient per plan year. Alcoholism and/or drug addiction treatment is further limited to a maximum of one admission of not more than 14 days confinement as an in-patient per plan year. This benefit is further limited to a lifetime maximum of two (2) admissions of not more than 14 days per admission for the treatment of substance abuse.

Vision Care Plan

This plan provides coverage for one examination in any plan year (actual charges up to \$40), one new prescription or replacement prescription for lenses per plan year (up to \$50 for single vision, \$75 for bifocals), one new prescription or replacement of contacts per plan year (up to \$100 for contact lenses), and one new or replacement set of frames per plan year (up to \$60). The policy will pay for either glasses or contacts, but not both in any plan year. This vision care plan is not a network plan; therefore, members are able to utilize any eyecare professional and receive the same level of benefits.

Why You Should Use The "DentaNet" Network of Dentists...

DentaNet, the dental network provided by Southland offers active and retired state employees and their families the largest independent statewide network of preferred dentists. Although members can choose any dentist they like, using a DentaNet dentist saves you money.

DentaNet dentists do not balance bill members the difference between the DentaNet negotiated fee schedule and what they normally charge. Additionally, services that require a co-pay, are also based on the DentaNet negotiated fee schedule...so members will save all the way around.

Visit "www.southlandseib.com" to find a network dentist near you and start saving today.

Note: In order to obtain the DentaNet network savings described above, you must have Dental Plan coverage.
